

1. ABOUT BUY ELECTRIC PVT LTD

Buy Electric Pvt Ltd is a premier provider of residential, commercial, industrial, and agricultural solar energy solutions in Pakistan. Established with a commitment to engineering excellence and sustainable power independence, we deliver turnkey solar EPC (Engineering, Procurement, Construction) services across the nation.

2. CORE SERVICES & CAPABILITIES

- Residential Solar Systems (5 kW to 30 kW): Custom-designed on-grid and hybrid solar installations for urban households.
- Commercial & Industrial Systems (50 kW to 2 MW+): High-efficiency solar arrays for factories, plazas, and office complexes.
- Agricultural Tube-Well Solarization: Heavy-duty solar pumping systems replacing expensive diesel fuel.
- Net Billing & DISCO Approvals: Turnkey management of net billing registration with LESCO, K-Electric, FESCO, IESCO, and MEPCO.
- Lithium Battery Backup Solutions: Advanced LiFePO4 energy storage for 24/7 load-shedding protection.

3. ENGINEERING & TIER-1 EQUIPMENT STANDARDS

We exclusively install Tier-1 BloombergNEF rated solar equipment, including N-Type TOPCon high-efficiency solar panels (Jinko, LONGi, Canadian Solar) and smart hybrid inverters (Solis, Huawei, Deye, Nitrox). Every installation adheres strictly to Pakistan Engineering Council (PEC) standards.

Over 1,200+ installations and 18 MW+ of solar capacity installed across Pakistan.
